District News

From Our Correspondents

ENSIGN

The regular meeting of the Community Club was held on Oct. 1st, with Mrs. H. Hansen acting as president. There was a good attendance, with two new members. Lunch was served by Mrs. Paton and Mrs. Turley.

Mrs. E. Carr and family spent the holiday week-end in Calgary. Friday, Oct. 10, when first prizes in bridge were won by Mr. and Mrs. H. Brown of Vulcan and first prizes in whist went to Mrs. Oakes and Clarence Collison.

The good weather finds the farmers of the district back at harvesting again. It is hoped that the weather holds.

Tom Brown of Midnapore was a Sunday visitor at the B. Brown home.

BERRYWATER

Friends of Mrs. Jake Hoffman will be sorry to learn she is confined to the local hospital and all wish her a speedy recovery.

Holiday week-end visitors at their respective homes were: Stuart Douglass, Edmonton; Mary Douglass and Betty Smith, Calgary.

Combining is in full swing again in the district and with favorable weather conditions the week-end should see practically the clean up of harvest operations.

Sunday guests at the J. McRoberts' home were: Mr. and Mrs. G. Johnk, Beverly and Clarence, Milo, Mrs. Aasgaard, Montana and Bob Loose.

Bride-elect of the district, Miss Thelma Barby was honored at the home of a friend, Mrs. J. L. Gardner of High River, Thursday afternoon last, when Mrs. Gardner and her mother, Mrs. Campbell entertained a number of friends at a miscellaneous shower. The novel presentation of the gifts was made in a gaily decorated barrel, which was rolled into the room to the strain of "Roll Out the Barrel", and accompanied by the singing of appropriate verses.

The regular meeting of Thigh Hill W.I. was held at the home of Mrs. N. Scotney, Thursday, Oct. 2nd, with 12 members and nine visitors present. Roll Call was answered with hints on how to store vegetables for winter use.

Two fine papers were presented, both containing much useful information. One on Citizenship was prepared and read by Mrs. L. Orchard and was well received. Mrs. R. Deal's subject, "Child Welfare" with the sub-title "Help Canada to have more Healthy and Happy Children" was highly interesting dealing as it did with a subject so close to the hearts of the members.

A much appreciated gesture of the afternoon was the presenting of a sweet pea corsage by Mrs. Mainland to each of the members. The tea raffle was won by Mrs. O. B. Roe. A dainty lunch was served by the hostess assisted by Mrs. Tom Houlton.

Mrs. M. Gottenberg will be the hostess for the November meeting to be held on the 6th.

EASTWAY

Mrs. T. Kern of Vancouver is spending this week at the home of her brother and sister-in-law, Mr. and Mrs. R. N. Hill.

Mr. and Mrs. W. Houlton and daughter, Mrs. N. Johnson and son were dinner guests at the home of Mr. and Mrs. Frank Hall at Arrowwood on Thanksgiving Sunday.

Mrs. W. McMullen Jr. received the sad news on Tuesday that her step-father, Mr. Dorch at Vancouver, is seriously ill.

Oscar Hellevang is the proud owner of a new Dodge truck.

Jack Gateman of Calgary was a guest at the home of Melvin Burgess on Sunday.

Mr. and Mrs. F. M. Wyatt and Dale were Calgary visitors over the weekend.

Miss Beverly Stewart of Calgary spent the Thanksgiving holiday in this district.

Mrs. P. Laughlin and Mrs. G. Gooch accompanied their brother Oscar Hellevang to Calgary on Sunday, when they visited their sister, Mrs. R. D. McKenzie.

Harvest in the Buffalo Hills district is again in full swing after two weeks standstill.

Mr. and Mrs. Earl Burquist of Carleton Place visited at the home of the latter's parents, Mr. and Mrs. Sep Washburn.

Mr. and Mrs. Martin McInenly are being congratulated on the birth of a daughter, Mary Norma, at the Holy Cross Hospital in Calgary last week.

David and Malcolm Meakle spent the long weekend with relatives in Calgary.

Calgary visitors on Tuesday were Mr. and Mrs. Gooch, Miss Marlene

Britain to Pay \$2 for '48 Wheat

Under new contract arrived at with Britain the price of \$2 a bushel has been agreed upon as the sale price for wheat sold to the United Kingdom for the 1948-49 crop. The present price is \$1.55. Negotiations were carried out by Hon. J. G. Gardiner when he was in Europe attending the Food and Agricultural conference.

Under a contract signed last year Canada agreed to ship Britain 600 million bushels in four years. They were to be 160 million bushels in each of 1946-47, and 1947-48. The price was to be \$1.55 in 1948-49 the minimum was to be \$1.25. However maximum prices for the last two years were to be settled by negotiations taking into account world conditions.

The \$2 a bushel for the 1948-49 crop will come into effect Aug. 1, 1948; and compared with the current world price in Chicago of around \$2.80.

The Canadian wheat board, sole purchasing agency of wheat in Canada, jacked up the initial price to the farmers in 1945 from \$1.25 to \$1.35. Any profits the wheat board makes on wheat transactions are returnable to the growers through participation certificates.

While the board supplies the British and domestic market with \$1.55 wheat, its sales to foreign countries are at around world prices.

The new price applies to 140 million bushels of wheat to be sold in the United Kingdom in the 1948-49 crop year.

The new price is moderate by present standards, but very high by normal standards.

Favorable Reaction
There has been generally favorable reaction to this agreement amongst agricultural associations. One suggestion is that interim payments could be speeded up. Though the federal government has been getting \$1.55 from Britain, the payment so far to the farmers has been \$1.35. The remaining 20 cents should be available at once. If the government authorized this, and also higher interim payments when the 1948 crop is harvested, it would help in meeting higher cost of production.

Ben Plumer, chairman of the Wheat Pool directorate says: "In my opinion the figure of \$2 a bushel for wheat supplied under the British contract for the year 1948-49 is a fair one. It takes into account the difference between the world price and the contract price in the earlier years of the contract. The British government has treated us fairly. We did not expect anything else."

"The wheat producers of western Canada are fair-minded men. They have shown that they prefer stability and reasonable prices to 'booms and busts.' But we do not want the prices of things we must buy to get beyond control."

Harvest Finally Making Progress

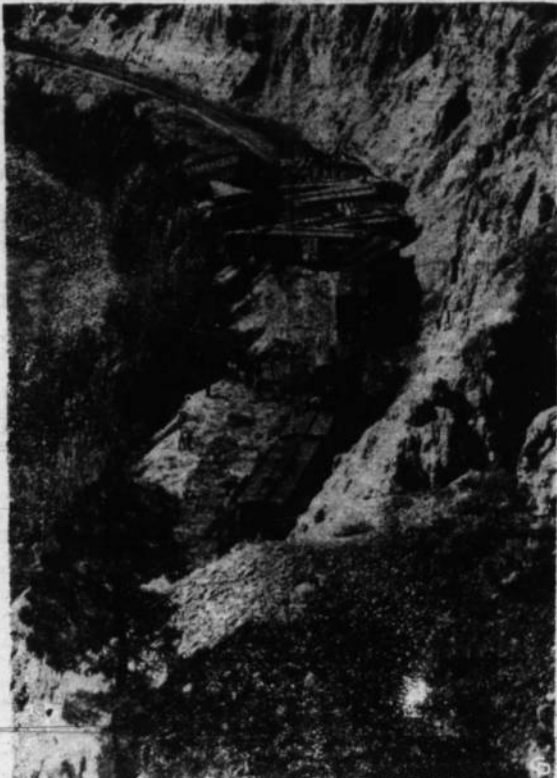

Good harvesting weather has prevailed this week and every combine available is being pressed into service to get off the crop before winter sets in.

This has been one of the longest and most unsatisfactory harvest seasons on record with a heavy snowfall and then frequent rains keeping work at a standstill. Wheat now being harvested has suffered from bleaching and some sprouting. The greatest part of the crop remaining to be harvested is in the districts north and west of Vulcan and it is estimated that another week of good weather is needed before the harvest can be fully completed.

Arrowwood For Beer Parlor

After being dry since its inception in 1924, Arrowwood in a local option plebiscite voted Wednesday 57 to 36 favoring the establishment of a beer parlor. Now the Alberta Liquor Control Board will decide whether permission will be given for issuance of a license in Arrowwood.

Fleming and Oscar Hellevang. Mrs. Christie and daughter Sarah of Calgary spent the long weekend at the home of Mrs. S. Cockwill Jr.

This is a general view of the wreck and rock slide when a C.N.R. freight train ran into a rock slide 37 miles west of Kamloops, B.C. Five persons died in the wreckage; a locomotive and five carsloads of new autos were destroyed; six cars also jumped the tracks.

Young Athletes Thank A.C.A.

Vulcan's two young athletes, Arthur Chell and Duane Neville, who did so well at the Provincial Interscholastic Track and Field Meet, have written the Athletic and Cultural Association to express their thanks to the Association for making it possible for them to go to Edmonton.

Sept. 10, 1947

Dear Sirs:
We wish to thank the Vulcan and District Athletic and Cultural Association for taking an interest in us and sending us to the Provincial Interscholastic Track and Field Meet in Edmonton on Aug. 30, also for the financial assistance without which it is unlikely that we would have made the trip.

This opportunity to compete against top amateur athletes in the province gave us a chance to learn much about the way such track and field meets are conducted.

We hope to put this knowledge to good use in the future.

Owing to the late notice of this meet we were able to train only ten days, but we are starting now to train for next year.

We do appreciate very much the opportunity you afforded us and in return we will try to stir up as much interest as we can in the various projects that your Association sponsors. If we can help in any way in carrying out your activities we will be glad to do so.

Sincerely,

DUANE NEVILLE,

ARTHUR CHELL.

Foothills Health Meeting

At the regular meeting of board members of the Foothills Health district, Dr. Norman Foster presided as chairman. One main matter of consideration was the question of contribution from the Turner Valley area.

This brought long discussion re adjustment of assessments of the villages of Turner Valley and Black Diamond, and continuation of the payment from the Turner Valley School District. Mr. Lavery of the Turner Valley School District spoke at length regarding the latter and there was a full discussion regarding the contributions of \$800.00 being received from the said School District for the special services supplied in the area. Following this, Mr. Lavery expressed his willingness to continue payment of the said annual sum of \$800.00. Mr. Clennett, representing the Village of Black Diamond, stated that the Village would be willing to accept the assessment on the basis of last census, which will mean an annual amount of \$460.00. Mr. W. Lineham representing the Village of Turner Valley stated that in the opinion of the Council of that Village, the census figure was approximately 400 in excess of the actual population for the reason the census taker probably included this number of people who

Largest Yet

A new potato champ has been crowned. Merle Robertson last week turned up with a monster potato which tipped the scales at 2 lbs. 14 1/2 oz., just barely outweighing the largest potato brought in by Howard Burrell.

Unless someone turns up with an even bigger spud it appears likely that the unofficial potato-growing contest will this year be won by Mr. Robertson.

Sept. 10, 1947

are not actually in the village proper and this figure of 400 should probably be added to the population of the Turner Valley Municipality. Mr. Lineham stated that he would discuss this matter at once with Mr. Wray, secretary-treasurer of the said Municipality and endeavor to have the adjustment of the population arranged. With the background of these adjustments, and commitments, Dr. Somerville said it will now be possible to complete the re-assessment of the various contributing areas and to proceed with salary adjustments.

Salary Increases

It was carried that salary increases to the staff as per approved salary schedule would be made retroactive to March 1, 1947.

Dr. Jackson raised the question of increased salary to Mrs. Lehr who takes care of cleaning clinic premises. It was carried that an increased salary of \$12 per month be approved.

Car Sale and Purchase

The secretary advised the members that in line with the approval given by the members at the last meeting, the 1942 sedan had been sold for the sum of \$1000.00 and a new Ford coupe purchased from the High River Motor Co. costing \$1559.00.

Dr. Jackson raised the point of advisability of nobby tires for the two staff cars. The purchase of these tires was approved.

Dr. Jackson stated that the report of the work of the staff was contained in the third quarterly report for 1947, a copy of which given to each member. He also referred to the Food Nutrition survey which had been carried out for the past three months by representatives of the Dominion Health Department and Provincial, and that Miss Galloway had given considerable assistance in this work.

Present at the meeting were Dr. Norman Foster, Town of High River; J. H. Sutherland, M.D. of Highwood; D. P. Stacey, Nanton; Dr. Somerville, the Dept. of Public Health; C. M. Lavery, Turner Valley School District; Dr. Jackson, Medical Health Officer; Dyce Allan, Vulcan; Dan McInven, M.D. of Vulcan; A. J. Paul, M.D. of Blackie; W. Lineham, Village of Turner Valley; C. R. Clennett, Village of Black Diamond; F. L. Watt secretary.

Advocate Again Wins Honor In Newspaper Competition

The Advocate was again a winner in weekly newspaper competition when provincial awards were announced at the annual convention of the Alberta Division, Canadian Weekly Newspapers Association, held in Edmonton October 10 and 11.

For having the most improved weekly newspaper in the province in the smaller circulation class, the Vulcan Advocate was awarded the Grain and Milling Advertising Service weekly newspaper trophy. Judging was based on press work, editorials, features, typography, local news, district news, general appearance and make-up. The similar award in the larger circulation class was won by the Red Deer Advocate.

Presentation of the awards was made Saturday night at the Govt. of Alberta banquet in the Macdonald Hotel. This is the second time that Editor Bob Munro of the Advocate has received this trophy, having won the same award in 1938, and the second time within a month that honor has come to Vulcan's Newspaper, which in September was awarded second prize in its circulation class for the best front page in the Dominion.

Bogner-Shimp Wedding, Calgary

A double ring ceremony was solemnized at the Central Church of Christ in Calgary, when Inez Eileen, youngest daughter of Mr. and Mrs. Shimp of Vulcan, became the wife of Otto (Tom) Bogner, eldest son of Mrs. Mary Bogner of Trochu. Reverend W. O. Weale officiated, with Mrs. Weale and the bride's father as witnesses.

Given in marriage by her father, the bride wore an informal gown of white jersey, with a corsage of pink roses and gardenia with brown accessories. For going away trip they chose matching brown suits. The young couple will make Vulcan their future home.

Coaches' Banquet To Be Held

A father and son banquet, sponsored by junior baseball team coaches Gordon Cranston and Gordon Clayton, will be held in the Oddfellows Hall basement next Wednesday evening, Oct. 22nd, at 7 o'clock.

This banquet will be in honor of all the boys who took part in baseball last summer, either with the juniors or the peewees. Boys who participated in the activities of these teams, either playing games or turning out to practices, are invited to attend.

All boys coming must turn in their names before Monday noon, Oct. 20th, to Gordon Clayton or Gordon Cranston, in order that necessary arrangements may be made.

Mechanization of the beet industry has speeded up beet harvesting which is now 35% completed.

A month-old girl baby was stolen in Toronto on Oct. 9. The father is unemployed. The child was taken out of its carriage in front of a department store. It had been in charge of the lodging housekeeper where the family live.

CRIPPS' SUCCESSOR

James Harold Wilson, 31, so-called "boy wonder" of the British government, has been chosen as president of the Board of Trade. He succeeds Sir Stafford Cripps, who becomes Britain's new economic boss. Prime Minister Attlee has announced that "other changes in the government are under consideration and will be announced later."

Army Cadets Resume Activities

The Royal Canadian Army Cadets of Vulcan have resumed their regular parades, following the two month holiday they had while school was out. The timetable for the year's work has been completed and all the cadets are very agreeable to the line of activities. The cadets have decided to have one social function a month. In September they went to the theatre and in October they will have evening of Tabloid Sports.

One of the most talked about topics, are the R.C.A.C. rings which are being ordered. They are made of a very fine piece of silver bearing the crest of the army cadets. Senior cadets must attend ten consecutive parades and have their work efficient before they will be allowed to purchase rings. Junior cadets must attend fifteen consecutive parades and have their work efficient before they will be allowed to purchase rings.

A cadet council has been formed to take care of promoting, publicity and cadet affairs concerning the whole corp. The chairman of the council rotates at monthly intervals to give each cadet on the council a turn at the job. Members of the council are: Cadet Sgt. A. Chell, Cadet Cpl. H. Brown, Cadet Q.M.S. D. Neville, Cadet M. Brooks and Cadet R. Kenny. Until the drill hall is available about the end of the year, parades are being held at the school.

Cadet D. Neville has been appointed Quarter Master Sergeant of the corp.

Crew Member In B-29 Competition

A communication received from the United States Army Air Corps public relations office at Tucson, Arizona, gives the information that 1st Lieut. Harland A. Schenck, son of Mr. and Mrs. W. A. Schenck of Vulcan, was a member of B-29 crew furnished by the 63rd Bomb Squadron to represent the 43rd Bomb Group of Davis-Monthan Field, Tucson, Arizona, in a competition between the bomb groups of the 8th Air Force held at Roswell, New Mexico, on Oct. 9th and 10th.

Lieut. Schenck is a veteran of 31 months in the Pacific with the 77th Bomb Squadron and holds the Army Commendation Ribbon, Good Conduct Medal, Victory Medal, American Defense Ribbon, Pacific Theater Ribbon and American Theater Ribbon.

Mr. and Mrs. James Chapman of the Church of Christ, left this week by car for Portland and various points, for a three weeks holiday. Mrs. C. B. Shimp accompanied them as far as Spokane where she will visit her sons William and Charles Kaiser and their families of that city.

School News

On Friday afternoon the fire brigade gave an excellent demonstration to the students of the "fog-nozzle" attachment recently acquired by the fire department. 91 seconds elapsed after the oil blaze was started and the alarm sounded, before the fire equipment was on the spot. This was record time. Fire Chief Jim Shortt gave an instructive talk to the high school students on their behavior during the fire drills and on fire prevention. Previous to the demonstration all students participated in the regular bi-monthly fire drill.

The dance put on Oct. 10th by the High School Students was poorly attended. A good time was had by those present but a small financial loss was incurred.

Mr. E. G. McPherson met with the staff of the Vulcan Schools to discuss two scholarships which Mr. McPherson wishes to endow. \$25 is to go to the student in Grade 10, 11 or 12 who makes the most progress in school work this term. The other \$25 is to be divided amongst Grades 1 to 9 and the pupil making the most progress, based on attendance, punctuality and deportment, will receive a cash prize at the end of the June term.

Two new students have registered at the school: Emily Kirby, Grade 1, and Shirley Marlene Kirby, Grade 5. These students have been attending Reid Hill School.

GOOD WORKS

POST-WAR Britain is in more serious straits for food and other necessities than during the war. So far as that country is concerned, the tension and alarms of war have ceased, but all the deprivations, and more of war years are continuing. And this under infinitely less acceptable conditions. War emergency calls forth endurance and readiness to sacrifice under the stimulus of conflict of crisis. But similar sacrifices and endurance become painfully burdensome when the war is over and the peace is at hand. The British people are submitting so patiently to their present lot, seems to prove their mettle even more strikingly than their unflinching spirit during the war.

It is evident that Canadians are deeply concerned over the lot of people on the British Isles. The average person does not attempt to understand Britain's position in respect to imports and exports, world

trade, the pound sterling and all the intricacies of finances and economics. But everyone understands the simple needs of food and clothing. That is a person-to-person call which stirs the deep wells of sympathy and compassion in all the human race.

Throughout Canada organizations and individuals are sending food to people in Britain in an unending stream. There are numerous Service clubs, with branches all over Canada, all putting forth special effort to alleviate the different shortages overseas. The sum total of their good works must be tremendous. Week by week our own local paper records the projects carried out by district groups to brighten the lives of kinfolk, and others across the sea. Women's organizations of church and community have made this work a special objective and are unceasing in their practical efforts to provide food and clothing. The local Rotary Club is one of the men's organizations to consider parcels for Britain as an important phase of service. The Boy Scouts have assembled toys to send overseas.

All this is the most direct and perhaps the most appreciated assistance that can be rendered. It must be left to the heads of government to determine mutually helpful policies to relieve the gloomy overall picture. But such machinery moves slowly to reach any objective, and in the meantime people must be adequately fed. They must have clothing to protect them against the coming winter. This is something that the little people understand. It is something in which they can help.

There is little doubt that the flow of gifts from Canadians to British people must be relieving the drabness of living for many. And these gifts so gladly received, are enabling to the giver, a proof that the simple virtues of goodwill and regard for fellowman still triumph.

had planned. Simultaneously with this noble and expensive work the Standard Oil Company made the greatest single price advance of years, netting the trust \$16,000,000. Wouldn't that jar your slats!

Wakeful High River

While conversing with a man from Okotoks the other day we happened to mention that there was a man in High River with the jim jams who was keeping himself and half the town awake at night. "Oh," he said, "I'm afraid everyone in High River stays awake too much at nights."

"You are quite right," I replied. "We even have a man with a glass eye who sleeps with one eye open all the time."

Drama in High River

A troupe of Calgary Barn Stormers came to this town masquerading as the Calgary Comedy and Stock Company. There were seven ragamuffins in the outfit and they had the gall to pretend they were going to play the "Cowboy's Romance." They had to hoof it from Okotoks and were footsore, but that's no excuse. A large audience assembled and soon eggs began to fly. The man at the door, who was a good natured rooster, said the second part of the show was better than anything they had ever seen. So the curtain went up again. But the pure young cowboy on the stake scornfully declined a drink from the villain, and this proved so incredible as to rouse the wrath of the audience, and the egg volcano.

The subsequent proceedings resolved into a mass of confusion. The show broke up and far into the night hoots and yells filled the air.

Next day the troupe vamoosed. The birds brushed from their plumage the crystal beads of rain and offered songs of praise. Blossoms left their bended posture, stood erect and breathed a spirit of thankfulness. A coyote threw back his head and yelped in gladness, and the dying dogies gathered new strength. As soon as the low comedians had disappeared round the bend en route to Nanton, ranchmen returned peacefully to their homes and the people came out of their cellars. The town is once more a quiet respectable spot. While the pure young cowboy lay supposedly insensible on the stage, but he got no less than 16 eggs sent with unerring aim. Up he jumped in violent wrath and wrenched off the leg of a table and hurled it into the audience like a league pitcher. But it hit the wrong man. The curtain was lowered to protect the actors, all except the cowboy who stampeded round the crowd till finally he escaped head first from a window.

A Good Little Town

The town of High River while but an infant, contains several hundred inhabitants, good schools, two churches, an opera house, a bank, several general stores, hardware, three livery barns, newspaper, four farm implement warehouses, blacksmith shop, etc. The sawmill will be running day and night. Four miles from town are large quarries of sandstone, superior for building, and likely to be valuable in the beautiful buildings that are likely to go up in the town.

King Edward Mourns

By the papers we see that King Edward ordered the court to go into mourning for a fortnight for the late King Edward of Serbia. This seems a very strange proceeding. Alexander was a royal outcast who married a lady of easy virtue and led a life doled all over with slime. He was not re-

Pertinent Topics

Discussed by H.C.

Up till a few years ago, doctors and nurses used to advise patients to remain in hospital a few days longer rather than chance a set-back by leaving a few days sooner. There was ample accommodation there but now there is not and patients are evacuated more speedily. It was fortunate that with the changed conditions medical men discovered that it was a positive advantage for a patient to get away from the sights and smells of a hospital ward and back to home and loved ones. Ain't science wonderful in the timing of her discoveries?

The fertility of the soil of Nagasaki after its experience with an atom bomb is accounted a marvel but this writer recalls prophecies made by Prof. Robertson and other agricultural experts who claimed during the first war that generations would pass before fertility was restored to the churned up fields of France pitted by trenches and shell craters and poisoned by gases. Three years later, he saw bountiful crops on those same battlefields, as good as he had ever seen elsewhere, except in the Swan River Valley, Manitoba.

The Socialists have won every bye-election since they came into power in Britain in 1945, and, although there are reductions in majorities, it is predicted that in a general election they will win again. Roosevelt won three re-elections to the Presidency partly by putting millions of his electors on the pay-roll. The Socialists will have that advantage in the Nationalization of coal mines, transport services and other spheres of industry. Another advantage they will have is that socialism is a near religion which its converts will defend all the more stubbornly because it is being attacked. The greater its failure the greater their resentment against those who say it is a failure.

Some may think that the demotion of Emanuel Shinwell from his post as Minister of Fuel shows a rightward slant on the part of Mr. Attlee, but a leftward slant is shown by his appointment as Minister of War. Moscow will not object to that shift, but London should. It is true he is under A. V. Alexander, and is no longer in the Cabinet, but his record and antecedents should forbid his acceptance of any post in which he might be suspected of giving away military secrets.

Egyptian mobs made heroes of themselves by parades carrying banners demanding that Britain evacuate Egypt which she was going to do anyway. They invited Russian assistance in getting rid of the "imperialists" and got an assurance of sympathy. Cholera broke out and who was it sent vaccines and serums to check the plague? Britain, plus the United States whom the Egyptian mobs had denounced as being in league with the British oppressors. What did Russia do to help? Nothing we have heard of except that they did help the Egyptians organize the hostile demonstrations.

If any member of the Canadian Congress of Labor had any doubt that Communists sought to control that body he must have had it dispelled last week when he saw the fight put up by those who opposed a resolution condemning Communism. Their strategy was the same as that employed at Lake Success by Soviet leaders conspicuous mainly for ruffian manners that spring from lack of breeding or from the vulgar notion that bullying and blustering, slandering and smearing, carry more popular appeal nowadays than logic and reason, than decency and decorum.

The Comintern was not fevived—it had not been dead. It was not exhumed—it had not been buried. What Goushenko said about the suppression of the Comintern was true—he said that was the Kremlin's greatest farce. It was made to lull people to sleep and give its foreign agents a breathing spell. Now Mos-

ceived at any of the European courts, was scoffed at and a subject for cheap jokes. Now in death he is a revered and glorified figure (his royalty ignored before, now emphasized by the official tears of King Edward and his court). All of them mourning because he is no more. If there can be anything more ridiculous let us hear of it.

cow announces that the Comintern has been revived and that Russia and its satellites have combined to resist the Marshall plan—a signal for its fifth column to get to work in earnest. The answer from Ottawa and Washington should be that from this date every person is warned: "Come out from among them and be ye saved," or else—

Those regarded by Moscow as fellow-travellers are now on the spot. As members of cells or study groups they have been put through a course of sprouts. This recent order is an ultimatum—Choose ye this day whom ye shall serve. Communists must see that the fifth columns follow that order. The usual methods will prevail—pressure, bluster, intimidation, force, suggestions even that failure to comply means treason for which Soviet agents have a ready answer. The R.C.M.P. has a list of Communists and no doubt a dossier on the moths that have been flirting with the flame.

Funny that the United States which had to be dragged bodily into the last two wars should now be accused of conspiring to start another. Did they like the other two so much that they demand a third? Irony too that the charge should come from a country which they snatched from defeat to victory. National Council of

Elizabeth's Gown to Cost \$500

Well, the news is out. Princess Elizabeth's wedding gown is to cost \$500. This is a very modest sum for the future Queen of England. The newspapers contrast this with another bridal gown at present under construction and costing \$50,000. The latter is for the Duchess of Montoro of Spain, and is being made in Madrid. It is expected that the Duchess' father, the Duke of Alba will spend \$500,000 on the wedding which is to be attended by the heaviest nobility of Europe. The bridegroom is Don Artaco, son of the Duke of Sotomayer. All this is going on in impoverished Spain. The Spanish duchess and her groom will honeymoon in England and United States. Princess Elizabeth and Lt. Mountbatten will spend their honeymoon in Britain.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. T. H. Lucas of Armada announce the engagement of their only daughter, Catherine, to Mr. Alexander Grant, only son of Mr. and Mrs. John Grant of Vulcan. The wedding will take place at the Vulcan United Church on Wednesday, October 29th, at three o'clock p.m.

CARD OF THANKS

Sincere thanks is extended to the many friends of Mrs. Nellie Bystrom for their flowers and kindness while she was in hospital and for the many expressions of sympathy at the time of her death.
—Mrs. Minnie Walker

Items From Bob Edwards' Inimitable "Eye Opener"

Geniality and joviality run along in Bob Edwards' issue of the High River Eye Opener of date May 22, 1902. But he pauses to deliver a blast at his favorite targets, Rockefeller and Carnegie. He describes the reception given a troupe of barnstormers in their dramatic presentation at High River, and he snorts contemptuously at King Edward and the British court for going into mourning over the Servian King.

High River Eye Opener
May 22, 1902

Generous Millionaires

Our readers may remember our calling attention to the fact that when Carnegie was extra philan-

thropic up went the price of ten-penny nails or some other article made by the steel trust. Well, a week or so ago in the States everybody was praising Mr. Rockefeller for a great educational project he

Champion and District

Unavoidable circumstances last week made it necessary to carry over the bulk of the Champion News until this issue. The regular Champion news budget for this week will be found on page 5.

October 9th News

A delightful bridal Shower was held at Harmony School, (East of town) Wednesday afternoon, Oct. 1st, when Mesdames C. Lebsack, T. P. Carlson and V. Lebsack were hostesses in honor of Miss Viola Lebsack, bride elect of Oct. 10. About 50 ladies were present. Vases of colorful garden flowers were arranged throughout the room and the bride's chair was decorated with rose and white streamers and bows of blue. Mrs. E. Granlin and Miss E. Ferguson, program committee, arranged numerous entertaining contests and games. Mrs. A. Ferguson pinned a dainty corsage on the shoulder of the honored guest, Mrs. E. Rhode Jr. presided at the piano when ten former schoolmates of Miss Lebsack, dressed in blue, pink and white pinaflores, hair in bryids and carrying school books, formed a "V" and sang "Schooldays" with lyrics changed to suit the occasion, showering confetti over the bride elect. at the conclusion of their number.

To the tune of "put on your old grey bonnet," a wagon, built and decorated to represent a "Shay," complete with driver, was drawn in by little Norma Ferguson and Diana Lebsack, in pink and blue frilly dresses and poke bonnets, who presented the gifts to the guest of honor. Misses Laquita Lomheim and Marion Lebsack assisted in opening the parcels. Miss Lebsack thanked all for the lovely gifts and extended an invitation to visit her in town. Delicious refreshments were served from a table, covered with a hand crocheted lace cloth, centred with flowers and tall pink and white tapers in crystal holders.

Misses Irene, Ida and Enid Davies daughters of Mr. and Mrs. R. Davies, made a recording, at Lethbridge last week, their voices blended in "The Old Rugged Cross" and "River Shannon" which is to be sent to England as a Christmas gift for Mrs. Davies' father, who is over 90 years of age. Mrs. Davies started off the recording with greetings to her father, whom she has not seen for many years. The record was released over C.J.O.C. Monday evening.

Mrs. L. Latiff was a Calgary visitor last week.

Miss E. Ferguson is spending a few days visiting at Lethbridge. Fred Watts arrived from Banff, last week. He was met at Calgary by Mrs. Watts and son Bryan. Mr. Watts has been receiving treatment in Calgary and Banff for the past three months for an injury to his arm and shoulder as the result of an accident at the Pool elevator, late in June, where he is agent. He will return to Banff in two months time for another check up.

Mr. and Mrs. W. A. Green were recent Calgary visitors.

Mr. and Mrs. Adam Ferguson were hosts Thursday evening, Oct. 2, when they entertained at a party in honor of Miss Viola Lebsack and "Jack" Marshman, bride and groom elect of Oct. 10. Place were laid for twenty at

a beautifully appointed table with a floral centerpiece and lighted candles.

Mrs. George Orr was a Calgary visitor during the week.

Miss Marie Matlock recently moved to Calgary, where she will reside.

Mr. L. R. Lipssett, of Calgary was a visitor last week on a hunting trip.

Mr. and Mrs. J. Long were Calgary visitors this week, they visited their sons, Jack, Bob and Glen during their stay.

Miss Eva Latiff has returned home after spending the past three weeks visiting at Calgary, guest of her brother and sister-in-law, Mr. and Mrs. Alex Latiff.

Pick up reels are in demand by farmers, in most cases from other districts, who had standing grain uncut when the heavy snow fall flattened the grain to such an extent as to make straight combining impossible. Swathing has been the general rule here, this year.

The members of Lael Chapter I.O.O.F. attended for the formal presentation of their war Memorial a (Victor) sound projector machine with films, to the Champion Schools. Thursday afternoon, Oct. 2, in the girls basement of the public School where all the pupils were assembled for the impressive ceremony. Mrs. R. Bond, immediate past Regent, made the presentation, expressing the pleasure of Lael chapter members in giving something of lasting value to the students of Champion and district, though it had taken over two years to make it possible. S. T. Nichols, principal, accepted the gift on behalf of the students and assured the ladies their efforts were appreciated and that the machine would be an asset to the students in their course of studies. Two films were run off; "Jasper" and "Portage", for the entertainment of all present.

Mrs. E. Silver spent three days at Calgary last week.

Chas. Luchia, of Lethbridge was a business visitor Saturday.

Mr. and Mrs. J. O. Bell were Lethbridge visitors, Wednesday.

W. J. Twitchell, of Calgary, was among the visitors here for duck hunting.

Rev. and Mrs. Peter Dawson were at Calgary, Wednesday, when Mr. Dawson officiated at the funeral services for the late Mrs. J. S. (Swalla) Collins, of Macleod, formerly of Champion.

Mrs. W. J. Ellis held open house, Sunday afternoon, Sept. 28, when friends called to view the shower and wedding gifts received by her daughter, Anne, prior to her marriage. Delicious refreshments were served the guests.

Mrs. L. E. Bulman, of Bellingham, Wash., is a house guest at the home of her son-in-law and daughter, Mr. and Mrs. W. McIntyre.

Mr. and Mrs. Guy Voisey were Calgary visitors last week.

Mr. and Mrs. J. E. Carlson and sons John, James and Denis were Calgary visitors to attend the Silver — Ellis wedding.

Mr. R. Gardiner is convalescing at his home after having undergone an operation in the Holy Cross Hospital a few weeks ago. Mr. T. Roebuck was a recent visitor at Calgary.

R. Depue, of Stavely, was a recent visitor.

Master Bobbie Everson and little Shirley Gullekson each celebrated their respective birthday anniversaries with parties to which a number of their playmates were invited.

Mr. and Mrs. G. Dow and F. Cool were Calgary visitors last week.

Mr. and Mrs. Lyons were nobleford visitors for a few days, guests of their son-in-law and daughter, Mr. and Mrs. O. Barby.

Mr. and Mrs. Harold Matlock have purchased a house in Calgary and will take up residence at that point after harvesting operations are completed.

Mr. and Mrs. A. Degenstein and children, of Warner, spent the weekend as house guests at the home of Mrs. Degenstein's mother, Mrs. B. Hummel.

Mr. F. Walker of Taber, formerly of Champion was a business visitor Saturday.

Mr. and Mrs. Max Groves were Calgary visitors during the week.

Mr. Norman Carlson and Miss Margaret Carlson were Lethbridge visitors for a few days, recently. Mr. and Mrs. W. Sparks were Lethbridge visitors Sunday.

Miss Marion Lebsack left Thursday for Three Hills where she will attend Bible School. She was accompanied by her parents, Mr. and Mrs. Chas. Lebsack.

Mr. and Mrs. J. Fath, Mrs. A. Ferguson and Miss Laquita Lomheim were visitors at Lethbridge Friday.

Mr. and Mrs. Gordon Berger, of Vancouver, B.C., formerly of Champion, are being congratulated on the birth of a 3 lb. 3 oz. baby son, Sept. 14, at Vancouver. At last report, mother and baby are doing fine.

L. M. Thompson, of Viroqua, Wisconsin, who has spent the past few weeks visiting his sister-in-law, Mrs. F. Wise, and brother-in-law, L. M. Groves, left for his home, Wednesday. He was accompanied by Mr. Groves, who will visit with relatives in his native state for two months.

Mr. and Mrs. F. Laurie and daughter, Glens, of Barons, were week-end visitors at the home of Mr. and Mrs. W. Everson.

Dr. and Mrs. J. G. Hardman were Calgary visitors this week. Mr. and Mrs. L. W. C. Lackey

and daughter, Rosalind, were business visitors at Calgary, for two days.

Mr. and Mrs. Joe Warren spent a week at Oyen, guests of the latter's parents, Mr. and Mrs. W. Yake.

Mr. and Mrs. R. Moronde accompanied by their son-in-law and daughter, Mr. and Mrs. S. Williams, of Travers, were Lethbridge visitors.

Mrs. W. Everson entertained at the tea hour, Monday, complimentary to Mrs. L. E. Bulman of Bellingham, Wash.

Friends will be sorry to hear that Mr. and Mrs. Percy Jacobson had the misfortune to have their car stolen at Vancouver. It had been left standing in front of a friends home, with whom they spent the night, en route to their destination, Port Alberni, B.C. The car was finally found badly damaged, stripped of important parts and all personal belongings gone.

Mrs. S. Crane and grandson, Master Freddie Crane, of Midnapore, were recent visitors for a week, at the home of the former's brother, F. Sadler, and Mrs. Sadler.

U. S. Alexander was a visitor at Turin, Monday, looking after crop interests.

Of interest to the ladies, is a silver collection "come and go" tea which will be held at the home of Mrs. P. Dawson, Friday, Oct. 17, from 3 to 6, in aid of the Woman's Association.

A CHILD MOTHER

Barely six months old herself, a White Leghorn pullet, owned by Cecil Kumlin of Blackie, has come out of hiding, proudly leading a procession of 12 baby chicks. Having been hatched from pullet eggs, the chicks are very tiny, but all are flourishing. They owe everything to their valiant young mother "Mom."

It is a very fine thing to see the cry for more full cradles taken up seriously by this earnest young member of the poultry yard, but she'll have to spread her wings wide to shield her brood in the next few weeks.

Fascism is reviving in England, and followers of Sir Oswald Moseley are again becoming active. The police are checking meetings in London and Liverpool.

NATIONAL GRAIN CO. LIMITED

Fight Against Arthritis

For many years a campaign increasing in volume has been conducted to bring to Dominion recognition the importance of arthritis in any campaign on national health. It has been felt that it should rank with T. B. cancer and so on, as a matter of national concern.

On June 6, 1946, Hon. Brooke Claxton promised a government grant for arthritic research, but nothing has materialized from this, so far as is known. There are at least 60,000 arthritic sufferers in Canada, and today these people are centring their hope on a conference called for Oct. 13 and 14 in Ottawa to consider the question of arthritis and rheumatic diseases in their effect on national health. The conference is called by Hon. Paul Martin.

This conference has been prompted by the plea of thousands of sufferers and their sympathizers to have arthritis placed on the same basis as T.B. and cancer. Authorities in the field of arthritis and rheumatic disease are meeting to see if some co-ordinating authority can be found to carry on in this field as is already being done in certain other fields of disease.

Advice from Lord Horder, an outstanding authority who has set up a number of investigation-clinic centres in Britain, and from Dr. Wallace Graham of Toronto, another eminent physician in this field, will form a basis for consideration at the conference. The Canadian Rheumatism Ass'n. has been affiliated with the Canadian Medical Association. Officers are Dr. Wallace Graham, president, Toronto; Dr. Dean Robinson of Banff, vice-president; Dr. Barnhart of Ottawa, secretary.

One of the most earnest and effective workers in the campaign to bring the importance of arthritic health authorities has been Pearl Lansman, formerly of Banff, and now living in Edmonton at 11831 - 101st.

The Alberta government experiment to prove the commercial value of extracting oil from Athabasca tar sands may cost \$800,000 instead of the planned \$200,000, even before actual tests begin.

The serious condition of the swine industry, as shown by a slump in hog marketings from June to September, calls for a production program to be financed equally by the province and a levy on hogs marketed from June 1 to October 1. The delegation suggested the province pay a premium of \$2 for each top grade hog marketed in this period. The provincial cabinet has promised to study the proposals at a special meeting.

Looking Into the Matter . . .

You'll find that EATON merchandise has dependability as well as the kind of dollar-stretching value Canadians demand.

One of the reasons—an important one—is the EATON RESEARCH BUREAU. Staffed by a group of chemists, textile analysts and technicians, it checks the descriptions against the goods described in the huge Mail Order Catalogue. Nothing is too small, nothing too large to merit the Bureau's closest attention—a safeguard to seller and buyer alike; and a very solid reason why

The demobilizing program is very costly and we cannot give any extra service. Prices shown here include packing charges and delivery to the transportation Co. We cannot make refunds on goods sold.

Tail Wheels

Complete with Brand New Tire and Tube. 8 inch cold-rolled steel axle. New Bearings. Thousands have been used for making wheelbarrows or 1/2-ton capacity single wheel trailer. Parts and tires will always be available. Complete assembly \$14.50

Bucket Seats

Made of aluminum, very sturdy, weather-proof. Ideal for tractors, lawns and other vehicles. Made of highly polished aluminum. Worth about \$10 each. Illustrated here \$2.50

With Leather Cushion horse hair filled \$3.50

Foldaway Seats

Semi-bucket type seats. A very good seat. Seat folds to back, then away to side. Takes very little room when folded. Leather back and cushion. Seat like this would cost about \$20. Price \$6.50

Floodlamps

This is a search and spot light. It has a wide spread beam. Converted to 6, 12, 24 or 110 volts. The most marvellous lamp you have ever used. Can use it on tractors and other farm implements. No tractor lamp can compare with this one. Suitable for skating rinks, playgrounds, parks, theatres, signboards, display, barns, parking lots, garages, adjustable stand lamp and many other uses. Very sturdy yet light construction. The reflector is a non-rusting chrome finish and can be exposed to all weather conditions without danger of reflector deterioration. Lamp cannot easily be damaged by vibration. Requires no more current than the ordinary auto lamp. Please state whether you want 6, 12, 24 or 110 volts. Each \$6.00

Fire Extinguishers

Fluid will not do damage to Rugs, Furniture, electrical apparatus, etc. Made by leading manufacturers who supplied them to the Airforce. A farmer who bought one in Nepeawa said to us the other day "You can use my name if you want to. I saved myself \$2000. My combine caught fire. I would have lost my combine and some wheat. The fire extinguisher I bought from you saved it. R pays to be protected." \$4.50

Tachometer

Ideal for checking cylinder speeds either on your combine or any other machine. Gives the RPM indication at a glance. Can be attached permanently to end of shaft and read the dial. Probably cost originally \$150. \$7.50

Flight Panels

Including the following instruments: artificial horizon, gyroscopes, directional gyroscope, airspeed indicator, vertical speed indicator, altimeter, turn and bank. We understand that these flight panels cost over \$500. The instruments can be adapted to other uses but must not be used in licensed aircraft. \$25.00

Will also sell individual instruments separately.

Magneto

1-cylinder. Can adapt for cylinder engines. Extreme well built. Suitable for instruction purposes in schools. Probably use some parts as bearings, condenser, platinum points. We understand it cost about \$200. Made by Bendix Aviation. This is the same magneto as used in converting the fence charger above. Make your own promoter and Electric Fence charger. \$4.50

Small Booster Magneto

Very similar to a motorcycle magneto in size. Has platinum points and is very successfully used in blacksmith shops, garages, etc., to light acetylene torches turning the magneto slowly by hand and a heavy spark is given off which will light the acetylene torch. Original cost about \$50.00. Clearing at each \$3.50

CHICKEN BROODER COOP

Aluminum cooping makes an excellent chicken coop. Also \$1.50

MOTOR MOUNTS

This is the Tubular Framework in Which the Motor Sits. Made of light tubular construction, very sturdy. Ideal for making work bench. Chuck full of copper tubing, brass fittings, con? articles worth 3 times our asking price \$1.50

Lighting Plant Generators

Ideal for electric Power Plant. 200 watt unit, 12 volt. Will operate as wind electric or can be driven stationary engine. Farmers can operate it with water pump motor at same time as pumping water. Will furnish light for 12 25-watt house lamps. Generators are in perfect condition as good as new. We believe they cost about \$800. Parts available for replacement at all standard ignition-repair places or at Auto Wrecking Co., 271 Fort St., Winnipeg.

300 Watt Generator

Generator complete includes generator controls, ammeter etc. \$28.50

450 Watt Generator

12 Volt will light up about twenty, 25 watt lamps, complete \$39.50

Electric Starters

We are given to understand that standard electric motors and electric drills and were very satisfactory. Although the starter is 12 volt it works satisfactorily when used as a drill off 22 volt power. Each \$6.50

Make Your Own Hydraulic Press Hydraulic Floor Jack Body Jack Spring Spreader

The Air Force have themselves made up dozens of presses. They work perfectly. The presses were standard equipment in Air Force shops right across Canada. Save \$200 on a 15-ton Press, \$150 on a 5-ton Press, \$100 on a 3-ton Floor Jack, \$50 on a 1-ton Floor Jack. Blueprint how to build Hydraulic Press furnished free. Extremely easy. Less than \$15 materials required. The pump & Oleo leg are the only main items required.

15-TON Oleo Leg \$29.50

5-TON Oleo Leg \$17.50

Hydraulic Jacks

These Jacks are not suitable for lifting cars or trucks. High precision built. Adaptable for tractor equipment and many other hydraulic uses. These Hydraulic Jacks cost probably ten times our asking price.

Hydraulic Flap Jack

About 1/2 ton capacity, piston rod travel about 3 inches. Each \$4.95

Hydraulic Undercarriage Jack

About 2 ton capacity, piston rod travel about 1 inch. \$7.50

Hydraulic Undercarriage Jack

About 3 ton capacity. Piston rod travel about 18 inches, each \$12.50

Hydraulic Hand Pump

When purchased with Hydraulic Jack (Not sold separately) each \$4.95

Aluminum Gas Tanks

Can adapt for storing water or gasoline. Made of aluminum. Will not rust. Construction. Probably cost ten times our asking price. Suitable for floating docks or storing fuel oil for oil burners. Can be hooked up together. Tanks are equipped with filter caps and are guaranteed leak proof. Mount tank on stand for shower bath. 25 gallon capacity. Each \$6.50

Quantities of 3 or more, each \$5.50

94 gallon capacity. Each \$16.50

7-Gallon Aluminum Tanks

About 10" diameter and 32" long, round shape. Suitable for storing water and many other purposes. Will not rust. Each \$2.25

Wood Propellers

Made of solid hardwood used by many to ornament clocks and to polish highly for ornamental purposes. Each \$4.50

Oscillating Type Pump

This is a wonderful little hand pump with large capacity. Throws a large stream. Can't be beat for boats, pumping out basements, transferring gasoline from barrel and many other uses. Where a hand operated pump is required this little pump can't be beat. Probably cost close to \$75 originally. \$4.50

Engines

Make Your Own SNOWPLANE

BUCKET SEATS

To clear \$2.50

With cushion \$3.00

REMOTE CONTROLS

WIRE WOVEN CABLE

About 25 feet, including 3 pulleys with bearings \$2.50

12-VOLT COIL \$4.50

WIRING

High tension, single, two and three conductor. Per foot \$2 and \$3

FREE!

WINGS—Come with your truck or trailer. Haul them away. All kinds of Bolts, Nuts, Sprocket Chains and Sprockets, Hinges, etc. Plywood, canvas waterproof covered. We will be glad to show you how they make excellent covered-in shelter.

AIR COMPRESSORS

\$18.50

Blow up your Implement, Car or Truck Tires. Pressure up to 90 lbs. Suitable for Painting, Spraying and many other uses.

Vacuum Type Pump (Rotary)

Small compact yet large capacity. Three quarter inch intake and outlet. Can be power driven. Can easily be mounted direct to motor. Ideal for any pumping purposes. Especially ideal for cleaning, capable of handling fairly large quantity of water. Probably cost \$100 originally. You will appreciate this pump and must be seen to be appreciated. \$9.50

Gear Driven Pump (Rotary)

Serve the same purpose as the vacuum type. \$9.50

Automatic Hydraulic Pump

Used to operate undercarriage of twin motored aeroplanes. 1000 lbs. pressure. We are given to understand that these will make extra fine pumps where hydraulics and high pressure is required. Will raise and lower implements on a tractor at a touch of a push button. This pump can be adapted to many uses. We believe this cost originally over \$200. Each \$12.50

Wire Woven Cable

About 25 feet 1 in. x 1/2 in. \$2.50

Oil Filter

This filter cost about \$50. Will filter oil, water, gasoline and other fluids. Does not use a filter cartridge. It is the washable type. No cartridges to buy. Because of its high cost it is not usually supplied as standard equipment. Will fit all tractor, cars and trucks. Easily installed. \$4.50

Gasoline Filter

Universal. Can be fitted to any car, Truck or Tractor. An extremely high quality filter, each \$1.50

Heat Gauge Unit

For oil or water cooling system. Can be adapted for tractor, car or truck use. Sturdy, yet so sensitive that warmth of your hand will change the reading. Long flexible line suitable for short or long installations. Original cost probably ten times our asking price. \$4.50

Thermometer

Outside mounting and inside reading, was mounted outside pane and recorded in glass cabin. Probably cost new \$15 to \$25. \$3.50

Voltmeter

These are the type and not to be compared with the low priced voltmeter. \$4.50

Volt & Ammeter

Either individually or combined. These are especially high quality and must have cost a great deal of money. These are the testboard type and not to be compared with the low priced automobile amp or voltmeter.

Individual AMMETER \$4.50

Combined VOLT & AMMETER \$6.50

Compass

Extra fine precision instrument, extra fine for boats, mining and surveying. We understand cost over \$200. Our price \$10.00

Switches

4-way toggle switches \$1.50

Two panels 3 toggle switches \$2.50

3 gang toggle switches on one panel 75c

Single toggle switches 35c

These are all extremely fine switches. Also some heavy duty single switches. Each 50c

Single Rheostat Switches 50c

Dash Lamps

Including switch and removable mounting bracket. Extra well made State if 6 or 12 volt bulb required. 75c

Dole System

Pumps gas directly to intake manifold. Same as used on many of the most expensive cars. Especially valuable for use with indirect carburetor. Extra good for use on combine or tractor. Pack nuts included. \$2.50

Selector Valves

4-way selector valve \$1.50

2-way selector valve \$1.50

12 Volt Coil

finest make available \$4.50

12-Volt Horn

and relay \$3.00

12-Volt Cut-Out

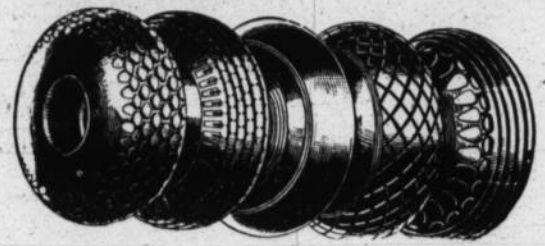

A real high quality product \$2.50

Radio Hams

Finest precision instruments. Some of these instruments cost about ten times our selling price. These are basically Voltmeters, Ammeters and Ohmmeters used for special electrical instruments, but can be very quickly adapted for radio use.

5 to 1/2 Milliamperes, each \$4.50

5 to 1/2 Milliamperes, each \$4.50

Champion and District**WALTER ANDERSON
DEAD AT COAST**

His many friends of the Champion and District were shocked to hear of the presumed death by drowning on Sunday of Walter K. Anderson, youngest son of Mrs. O. B. Anderson of Lethbridge. Mr. Anderson had been employed on the west coast of Vancouver Island, and although full details are lacking, it is understood that he and three other young men had been returning home in a small boat after attending a dance at Ucluelet when the tragedy occurred. The boat has been found floating empty in Ucluelet Bay, 115 miles north of Victoria and the body of one of the men was found on the beach on Wednesday.

Born at Champion, he spent his boyhood there and was a member of the R.C.M.P. for several years before moving to the coast last year.

Besides his mother, he is survived by four brothers: Andrew, Lethbridge; Sanford, Vancouver; Wayne and James, Champion; and two sisters: Mrs. R. C. Munro, Vulcan and Mrs. R. W. Robinson, High River.

**PEANUT FATAL TO
TWO YEAR OLD**

Funeral services will be held on Friday for two-year old Russell Vernon Lebsack, son of Mr. and Mrs. David Lebsack of Champion, who died in a Calgary hospital Tuesday morning. Cause of death was a peanut, which became lodged in the child's throat Sunday afternoon, and which two emergency operations failed to remove. Besides his parents he is survived by his grand-parents. Mr. and Mrs. Jacob Lebsack of Champion and Mrs. Gottlieb Kranzler of Carbon. The services will be held at 2 p.m. and interment will be made in the Champion cemetery.

A joint delegation of the Champion and Harmony Home and School Association, headed by C. Versuys, president; Mrs. T. Carlson and C. Coe, motored to Granum last week to attend the monthly meeting of the Macleod School Division in an effort to better the transportation facilities here. The delegation was well received by the executives and promise was given for more vans of the medium size rather than the larger size, thus cutting to a minimum the time the rural children will be on the road.

Mrs. E. Siler spent a few days at Lethbridge accompanied by her daughter Mrs. L. E. Burke, of Carmangay.

Mr. Dale Lusk of Lethbridge spent the week-end visiting his grandparents, Mr. and Mrs. J. Harper.

Miss Yvonne Griffin, of Raymond, was a visitor for a few days at the home of her parents Mr. and Mrs. E. Griffin.

Friday evening Oct. 10 was the date chosen by Mr. and Mrs. A. L. (Bud) Siler, to entertain at a wedding dance in the Community hall. About four hundred guests crowded the hall for the celebration. Fraser's Orchestra supplied the music and G. Stewart entertained with two solos and led the Community singing.

A. Macleod and E. Griffin presented Mr. and Mrs. Siler with an electric clock in the shape of a ship's helm wheel, on behalf of the Lions' club. The guests who came from as far north as Calgary and south to Lethbridge, banded together and surprised their hosts with a substantial purse of money. The dance broke up at 3 a.m. after a very enjoyable time.

Miss Marion Schmelke, of Forestburg, spent a few days visiting her parents, Mr. and Mrs. W. Schmelke.

Word has been received that "Huey" former popular cafe operator here, has gone to China to join his family.

Miss Mavis Sanderson, of Calgary, is visiting at her home here for a few days.

Earl Dawson of the University of Alberta, spent the holiday week-end here with his parents, Rev. and Mrs. Peter Dawson.

Miss Lois Lindsey of Calgary was a week-end visitor, guest of Mr. and Mrs. A. L. Siler.

The Amity club held their regular meeting at the home of Mrs. C. Versuys last week. Business was general. Mrs. G. Urquhart, of Kirkaldy, assisted the hostess in serving a dainty lunch to the members. The next meeting will be at the home of Mrs. A. Miller.

Miss Margaret Carlson was a recent visitor at Granum.

Mr. and Mrs. R. (Dick) Latiff of Panoka, are the happy parents of a 6 lb. 8 oz. baby daughter, Wendy Katharine, born Saturday October 4. Congratulations.

Mr. and Mrs. W. Bufman and son, Jerry, of Staveland were visitors during the week-end at the home of Mr. and Mrs. W. McIntyre.

Friends will be sorry to hear that R. S. Boyd is a patient in the High River Hospital. Mr. Boyd fell from a granary while doing a repair job on his farm at Herrington.

Mr. and Mrs. C. G. Taylor and Mr. and Mrs. G. Voisey were Arrowwood visitors Sunday, guests of Mr. and Mrs. G. F. Kemper.

Miss Margaret Miller of Lethbridge spent the holiday week-end with her parents, Mr. and Mrs. C. G. Miller. Miss Edith Mae Miller, who is also a visitor, will spend a week at her home.

Rev. and Mrs. Peter Dawson had

as their holiday guests, Mr. and Mrs. Peter Lindsay, all of Calgary. Mr. and Mrs. L. V. Stout accompanied by E. Lundberg and H. E. Smith were Calgary visitors last week.

Miss Linda Cumulini of Lethbridge was a house guest for a few days of Miss Eya Latiff.

Mr. W. Garsche has sold his 11 section farm to H. Hiltz.

Mr. and Mrs. W. Knight and son, Ward of Carmangay, were recent visitors at the home of Mrs. Knight's parents, Mr. and Mrs. George Taylor.

Master Stuart Henderson, of Lethbridge, spent the holiday week end as guest of Master Dick Jopling.

Jack, Bob and Glen Long, of Calgary, spent the week-end visiting their parents, Mr. and Mrs. J. Long.

Mr. and Mrs. D. Adams, of Calgary, nee Lillian Orcutt of Champion, are the proud parents of an 11 lb. 13 oz. baby son, Bryon Roger, born Saturday, October 11, at Holy Cross Hospital. Congratulations.

Mrs. C. G. Taylor was a visitor at Lethbridge, Friday.

Mr. F. Bouzyan, Miss Eva Latiff and Miss Linda Cumulini, were Calgary visitors recently.

Master Blain Degenstein, of Warner, who has been visiting his grandmother, Mrs. B. Hummel, for a week, returned to his home Friday, accompanied by Mrs. Hummel, Racille Hummel, Jean Patterson and George Hummel who spent the week-end at Warner.

Mr. and Mrs. Harry Taylor and daughter, Janet, of Lomond were recent week-end guests at the home of the former's parents, Mr. and Mrs. George Taylor.

The new modern addition to L. V. Stout's Central Service Station, purity 99, is now under construction. The pouring of cement for basement and foundation was completed Monday.

Mrs. W. D. Chappell, of Calgary, entertained at a post-nuptial shower, in honor of her niece, Mrs. A. L. Siler, nee Anne Ellis, at the former's home in Calgary, upon Mr. and Mrs. Siler's return from their honeymoon, at Banff, and prior to their return to Champion where they have now taken up residence.

Mr. and Mrs. Carlton Mellett, of Edmonton, spent the holiday week-end visiting at the home of the latter's parents, Mr. and Mrs. D. Greenlee.

Miss Audrey Racher was pleasantly surprised, one evening last week, when a group of friends, numbering 35, called at her home to honor her with a handkerchief hower. Mrs. W. Griffin made the presentation to which Audrey responded. A delicious lunch prepared and served by the ladies, was enjoyed by all. Audrey left Monday for Lethbridge where she has accepted a position on the staff of the Canadian Bank of Commerce. A popular member of the Young set, Audrey carries with her the good wishes of her many friends.
